VOLUME CVI.---NO. 217. ALEXANDRIA, VA., WEDNESDAY EVENING, SEPTEMBER 13, 1905. PRICE 2 CENTS.

$1000 REWARD

is offered as a guarantee that neither

Dr. Pierce's Favorite Prescription
NOR
Dr. Pierce's Golden Medical Discovery

contains alcohol, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are medicines not beverages, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally.

"Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 57 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery,' and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away 680,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case, has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U.S.A.

Mr. Bryan's Position.

"I want to make my position perfectly clear: I want to say to you that not only am I not announcing a candidacy, but I am not permitting a candidacy." In these words William Jennings Bryan administered a check to the enthusiasm which, at the Jefferson Club banquet in Chicago given last night in Mr. Bryan's honor, greeted the speeches advocating his nomination for the third time for President.

There had been warm words of praise for Mr. Bryan, particularly from former Congressman Ollie M. James, of Kentucky, and Judge James B. Tarvin, of Covington, Kentucky, who had declared unqualifiedly for Mr. Bryan as the democratic nominee for President in 1908, and from Alexander Throup, of New Haven, Conn., who declared that Bryan was the natural and legitimate leader of the democratic party in the coming campaign.

When Mr. Bryan, who came last on the programme, rose to respond to the toast, "Democracy vs. Centralization," he deferred for a few moments entering upon his formal address until he had returned thanks for the words of praise showered upon him by the speakers who preceded him, and until he had set himself right upon the question of possible candidacy for the presidency.

"I am not now," said Mr. Bryan, "a candidate for any office. I have never said that I would never again be a candidate for office, but I want to say now that talk of candidacy for office does not affect me as it once did."

Mr. Bryan will soon leave for a tour of the world.

Mansfield Under the Knife.

Mr. Richard Mansfield's many friends will be surprise to learn that the well-known actor is just recovering from the effects of two delicate and serious surgical operations.

The first, which was performed three weeks ago by Dr. Norris, of New London, Conn., and two prominent surgeons of New York, it is stated, failed to fully relieve Mr. Mansfield, and another was decided on last Wednesday when the actor underwent a trying ordeal at the hands of the surgeons who were called to his New London home to operate the second time.

For several years Mr. Mansfield has been a sufferer from nervousness brought on by a grave intestinal disorder that grew steadily worse.

Mr. Mansfield underwent both operations with great fortitude. The latter was entirely successful and at his home in New London Monday it was said the star felt better than he had in years. His condition was so greatly improved, it was announced, that he would go to New York next Monday and begin rehearsals on the stage of the New Amsterdam Threatre of Schiller's "Don Carlos," which he will present for the first time in English on any stage, in the Grand Opera House, Chicago, October 16.

A World-Wide Federation.

A world-wide federation of Catholic societies is the hope of the future for the American Federation of Catholic Societies.

After six hours' discussion the national board of the American Federation of Catholic Societies in Cincinnati, yesterday adopted a plan for including in the work of the American society the volksvarein idea, which is favored by Pope Pius X in a recent letter. The immediate result will be the presentation of this plan to the next national meeting of the societies, and, if it be adopted, every Catholic in the United States can become a member of the American Federation of Catholic Societies.

The Catholics by the plan mapped out may belong to the American federation by societies, parishes or as individuals. The American federation will include in its work the volksvarein idea, which involves the education of Catholic people by a campaign of literature. The American Federation of Catholic Societies is now in communication with similar federations in Italy, Germany, France and other foreign countries, and a world federation of Catholic societies may be a possibility of the future.

Found Pot of Gold.

An iron pot containing $50,000 in gold coin, the newest of which was 115 years, old was found on the farm of James Rivers, near Chesterfield, S. C., by Tyler Teal, a white laborer, and Will Edward, a negro, while engaged recently in digging a ditch. The pot was carried two miles away and buried near a creek bank. When, two days later, the finders went after the pot, it had mysteriously disappeared. The negro charges that the white man has appropriated the money and has hidden it from him, while Teal declares that the story is all a joke and that no pot was unearthed. Edwards sticks to his story and has produced proofs that it is true. Detective J. D. Evans, who has associated with him one of the best-known detectives in the South, who were employed by the negro, and who have since been working on the case, have secured evidence confirming the discovery of the hidden wealth. No trace of the gold has been found.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Priests Threatened.

Serious developments have arisen in connection with the death of Gen. Prince Amilakhovri, formerly governor general af Baku, whose body is now lying in a house in the vicinity of Tiflis. The prince was regarded with bitter hatred owing to the harsh measures which he adopted when he was sent on a special mission to pacify the Caucasus, and the revolutionaries threaten the local priests with death if they attempt to offer prayers over the body. No one dare approach the house. Troops have been dispatched to bring the remains to Tiflis, and it is feared that there will be disorders at the funeral.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Alexandria Gazette AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, SEP. 13, 1905.

ONE of the most encouraging results of the late democratic primary was the interest shown in the various counties. It is not easy for the farmer to leave his farm and ride to the polling place, or, as is frequently the case, walk, for the reason that the horse is at work at the plow, so many must and do make such trips at a personal sacrifice. For this reason both the party and its candidates can feel not over-confidence, but self-confidence, as they appeal to a splendid constituency during the next four weeks. Splendid as was the sacrifice of time and comfort by those in the country, the people in the cities were equally as active and fully alive to the danger that confronted them should they show a lack of interest in the contest now on, and which will be fought out to the bitter end, and we believe with but one result—victory. In Virginia there are eighteen cities. In the presidential election of last year these cities cast 14,554 votes for Parker and 3,756 for Roosevelt. At the primary last month the increase in the vote was most gratifying to all democrats. Twenty-five per cent. is a large increase, and the figures show that the vote for Senator was only 87 less than that cast for Governor, which was 19,490, or 4,936 more votes than were cast for Parker last year, and 15,784 more than were cast for Roosevelt. All of these eighteen cities, but three, show large democratic gains, three show decreases but these decreases are so infinitesimal as to be loss in the shuffle. They are Portsmouth 63, Bristol 11 and Winchester 13, a total of 87. Chairman Slemp will know after November next that it is much easier to carry a district than a State.

THE United Order of Evil Suppressors, of Norfolk, has been incorporated. The object is to aid in the suppression of immorality of every kind, and to encourage honest labor and the education of the young. The intention of the organization is commendable, but that it has entered upon a mighty work must be apparent to all who will take a calm survey of the field. The suppression of immorality is a great desideratum, while the encouragement of honest labor and the education of the young are movements which should meet with the hearty approval of all well-thinking people. But the world is composed of all varieties of individuals. Some have inborn tastes and propensities which are sure to develop, There are no two of us alike. What man regards as immoral another fails to see in the same light. Honest labor, too, has divers definitions and but few will agree on this subject. Education brings other wrangles. Some prefer the ecclesiastical training of one sect, and repudiate that of others equally as good. A large percentage oppose all sectarian training, while many others want to acquire this and that science or follow in the paths of certain lines of literature. Hence the etomology of immorality, honest labor and education have yet to be determined, and whether that given by the order referred to above will be adopted remains to be seen.

DISPATCHES from various points in Russia show that a holy war has been proclaimed in the Caucasian districts of Zangezur and Jehrall, where Tartars are massacring the Armenians without distinction of sex or age. The horrors of the situation are almost unparalleled in history. Men, women and children are being ruthlessly slaughtered by wild fanatics who, like people two thousand years ago, imagine they are doing their deity a service by shedding the blood of those who do not adopt their religious convictions. The commerce of many places has been totally destroyed and those who escape the sword are confronted with starvation. Many dream that the world is growing better and indulge in the hallusination that the kingdom of heaven is at land. The gospel has for centuries been preached in the localities now convulsed by riot, murder and incendiarism conditions brought about by men who have proclaimed what they call a holy war.

SELLING $800,000 in bonds in one day and buying them back the next but one, a holiday intervening, in order to keep within statements made in the New York Life Insurance Company's report to the Superintendent of Insurance, was the sensational disclosure made yesterday at the session of the legislative insurance investigating committee in session in New York. This shows a curious state of affairs in insurance circles and will have a tendency to bring into question the methods in vogue with all such companies.

CHARGES of graft and maladministration in the engraving division of the Geological Survey have been filed with the President who may order an investigation. The specific charges are that aliens are employed in the bureau in violation of the President's orders and that employes there have been doing private work in which they use government materials. The charges are the outcome of a controversy between the officials of the survey and the American Society of Plate Engravers.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 13.

Reports that France and Germany are aching to get a slap at Venezuela and are endeavoring to ascertain how far the United States is willing to go in giving them a free hand in their desire to administer a castigation to President Castro, are again in circulation. It is said that notes have been addressed to this government by the two powers named urging that the United States should either assume a firm attitude towards Venezuela with the object of enforcing from that country proper regard for the rights of foreigners there or else should keep hands off and allow the job to be done by French and German ships, marines and soldiers. Officials of the State Department deny that any such notes have been received and the denial is probably correct.

"Bread that beats the kind that mother used to make" is the only kind of baker's output that will replace home baking, according to B. Howard Smith, of Kansas City, Mo., who addressed the master baker's national association here this morning. H. B. Leary, of this city, discussed methods of abolishing the exchange of bread, which means the system by which the bakers give retailers fresh bread for the stuff that is unsold.

The pension office will shortly inaugurate a system of age retirement. Clerks in the pension office have formed what they term the Retirement Association for aged clerks. They expect to pay a pension of $50 per month to every clerk who has served the government faithfully for 30 years. The scheme is separate from any federal control and distinctly local to the pension office.

Major Sylvester after his return from Albany, N. Y., where he went to address the meeting of police chiefs of that State, this morning announced the following changes in police circles to take effect the 15th of the present month: Capt. Isaac Pearson, to be retried; Capt. F. E. Cross to succeed Capt. Pearson as inspector of station houses; Lieut. T. B. Amiss, of the First precinct, to fill the vacancy in detective bureau caused by the promotion of Captain Cross as night captain in charge of police headquarters; Lieut. Moore, of the Sixth precinct, to be lieutenant in charge of the First precinct; Lieut. Byrnes, of the Second precinct, to be transferred to the Sixth precinct; Sergt. Sullivan, of the First precinct, promoted to the grade of lieutenant and placed in charge of the Second precinct.

It has been ascertained by District Commissioner West that President Roosevelt would appreciate the honor of a popular reception upon his return from Oyster Bay to Washington about September 30 as has been proposed and plans are now being developed for the event. W. V. Cox, president of the Board of Trade and James F. Oyster, president of the Business Men's Association, have been requested to make suggestions for a civic reception on the occasion.

Mark Alter, representing Moses Haas and Theodore A. Peckham, of New York, who are under indictment here charged with conspiracy to defraud the United States government in the cotton leak scandal of the Department of Agriculture, met Judge Henry E. Davis, who has been engaged by the defendants to prepare their case of defense. Alter or Davis would not state along what lines the defense would be made. Their conference this morning also was for the purpose of determining whether or not it would be best for Haas and Peckham to fight extradition. Haas had already indicated that he will fight extradition to Washington if he has to carry the case to the Supreme Court of the United States for final settlement. Peckham who was arrested publicly while at Saratoga has left the question to be determined by his counsel. District Attorney Beach is at his summer home in Virginia and will not be in Washington until next week, when the grand jury will resume its session for the purpose of considering the "cotton leak scandal" testimony.

CAPT. D. M. LEE.

A dispatch from Fredericksburg to the Richmond News-Leader says: The democratic muddle in Stafford county growing out of Captain Dan M. Lee's announcement of his candidacy for the Legislature brought about the most exciting political meeting held in the little county of Stafford for many years. It was expected that something would happen, but affairs took a turn so unexpected that even the older politicians were staggered and startled. The republicans had two speakers at Stafford Monday, but they were lost sight of in the excitement of the democratic squabble, though two of the most prominent republicans in the county—Messrs. M. K. Lowry, lately appointed collector of Internal Revenue, and Clerk of the Court Ad. Bryan—were well mixed up in the trouble before the day was over. Just before the republican meeting Captain Lee called for an open meeting, and it was at once convened in the courthouse, with a large crowd present.

Captain Lee took the floor amid suppressed excitement to explain his position. The end of his speech produced a sensation. He began by claiming that R. C. L. Moncure had never been regularly nominated for the legislature, and on this ground repelled the assertion that he was running as an independent. He said that it had been agreed that the committees of King George and Stafford should hold a joint meeting and select the nominee, but instead of this being done, he charged that some one had sent word to the King George committee that Moncure was the only candidate and the committee had, therefore, endorsed him, and in this action was followed later on by the Stafford committee. He claimed that the whole thing was, therefore, irregular.

Following the above statement came the climax. Capt. Lee deliberately charged that a proposition had been made to Mr. Lowry, the republican leader in the county, providing for an arrangement whereby Moncure should have no opposition from the republicans, and in exchange Ed. Bryan, the republican clerk, should have no democratic opposition. This charge produced great excitement and Lowry was called upon for a statement. He arose to reply and the spectacle was presented of a republican taking part in a democratic row. Mr. Lowry affirmed Captain Lee's statement but stated that the proposition was not official. Some effort was made to bring Bryan before the meeting, but his friends said he was busy with his duties, whereupon a man in the crowd yelled out, "Bryan won't face the issue."

It was said that Mr. Bryan had denied any effort to make an arrangement with the democrats, but Mr. Lowry asserted in positive terms that such a proposition had been made. The name of the man who made it was demanded by the crowd but Lowry stated that it was a confidential communication and refused to divulge his name. After a good deal of further speaking and excitement it was decided that the committees of the two counties should meet in joint session and name a man as the candidate. It is supposed that Moncure will be named but it is certain that the trouble within the party will react against any man nominated by the democrats. The outcome will be awaited with intense interest by the people of that section.

It was generally believed here yesterday that as a result of the democratic meeting at Stafford Courthouse Monday neither Captain Lee nor Mr. Moncure will appear as candidates before the joint committee meeting which will be held in a few days. Mr. Moncure was in the city yesterday, but had very little to say on the subject except to express the opinion that he could secure the nomination when the committee meets. Mr. Moncure reiterated his statement made at Stafford yesterday to the effect that neither he nor his friends had made any effort to form any kind of a deal with the republicans on the clerkship. Judge R. H. L. Chichester is being prominently spoken of for the democratic nomination in case Moncure and Lee decide to withdraw, but it is not thought that he will accept.

It is said that the republicans are straining every nerve to elect a majority of the legislature with a view to electing Congressman Slemp to the Senate. Although the democrats of Virginia have indorsed Senator Martin, the legislature still has to go through the form of electing a Senator. Should the republicans gain control of that body, they would, of course, elect one of their own faith. It is not thought possible, however, that the republicans can muster enough strength in the legislature to make them a factor.

Today's Telegraphic News

Baron Komura Seriously Ill.

New York, Sept. 13.—Baron Komura, Minister of Foreign Affairs in the cabinet of the Mikado of Japan and the chief of the Japanese envoys, who recently concluded a treaty of peace with the representatives of the Russian government, is lying seriously ill in his room in the Waldorf Astoria. Doctor Francis Delafield, the eminent practitioner, who was called from his vacation in Virginia to attend the Baron, gave it as his opinion, after examining the patient, that he was in the first stages of typhoid fever. Baron Komura is a slight, frail man and the ravages of this dread disease, in his case, are greatly feared. His return to Japan has necessarily been postponed, though it is announced that the major portion of his suite will start for Japan at 2 o'clock tomorrow afternoon, as originally planned.

M. Sato, who has acted as the spokesman for the Japanese party during their stay in America, made the announcement of the doctor's fears. He said the Baron's condition was about the same today and that his temperature during the night varied from 99 to 102. Previous to Doctor Delafield's analysis of the case the physicians in attendance were of the belief that the Baron was suffering from inflammation of the gall bladder. Two trained nurses are in attendance on the Baron. It was announced this morning that bulletins regarding the Baron's condition would be given out daily at 11 a. m. and 7 p. m.

The report from Italy that Baron Komura's family had been assassinated has not been shown the patient. His suite place no faith in the report, and M. Sato said this morning that it was evidently a "Chefoo" report. Reports from Chefoo are notoriously wild, inaccurate and false.

Lunched With President.

Oyster Bay, N. Y., Sept. 13.—Baron Rosen, the Russian Ambassador, is President Roosevelt's guest at luncheon this afternoon. Baron Rosen was the junior peace plenipotentiary for Russia at the recent conference at Portsmouth, but it is said that his call today has no bearing on the negotiations so happily concluded. The Ambassador arrived on the 12:20 p. m. train from Long Island city, and will probably leave at 4:30 p. m.

President Roosevelt received the following telegram from Count Witte last ntght:

New York, Sept. 13.

President Roosevelt: Before leaving the hospitable soil of the United States. I beg in my own name, and on behalf of my fellow workers, to offer my heartfelt thanks to you, Mr. President, to government of the United States and the whole American nation for the cordial welcome given to us on our arrival and the uniform courtesy shown us during our sojourn here, the memory of which will live in our hearts forever.

Freight-handlers' Demands.

Chicago, Sept. 13.—Despite the prompt refusal of the various railroads yesterday to grant the demands of the freight handlers for an increase of wages at outward calm pervades the situation, and if a strike does come, it will be only after every effort has been exhausted by both sides to avoid it. The railroads yesterday for the first time recognized the International Union of Freight Handlers by mailing to the union officers its "regret" that it was unable to grant the demands for the increased wages, but expressing willingness to meet the employes and discuss matters. The union officers at the same time announced that whatever is done will be along conservative lines. The executive board of the freight handlers will meet today and seek to arrange a conference with the railroads separately or collectively. In face of the state of uncertainty which exists, however, the railroads and the city authorities are making preparations for trouble.

Damage by Rain.

Lahore, India, Sept. 13.—The heavy downpour of rain which it was thought would prove an unqualified blessing in the saving of a part of the crops which were almost ruined by the long drought has in reality caused a great deal of damage. The rain has fallen steadily almost all of this week, and as a consequence all the rivers in the Punjaub have overflowed their banks and the surrounding country is inundated. Many of the store houses, in which wheat had been placed in anticipation of the expected famine, have been destroyed and over 1,000 cattle have been drowned. The water also made a breach in the railway line and a great deal of damage has resulted. In the city of Lahore many houses have been made uninhabitable on account of the rains and attendant flood and hundreds of people have been rendered homeless.

Norway and Sweden.

Karlstadt, Sweden, Sept. 13.—The conference between the commissioners of Norway and Sweden, who were named to have charge of the negotiations looking to bringing a dissolution of the union, will be resumed here today. The question of dismantling the frontier forts promises to arouse considerable discussion, as has former sessions of the commissioners. Norway is willing, according to all reports, to agree to the establishment of a neutral frontier zone but declines to dismantle several of the forts because of their historic interest. The Norwegian commissioners take the stand that Sweden is trying to humiliate Norway. The situation is delicate, but a satisfactory adjustment of differences is regarded as probable.

Rotten Steel Plates.

Boston, Sept. 13.—The discovery made at the navy yard, through an accident, that the dispatch boat Dolphin was cased in steel plates so rotten that a man might drive a pick-axe through her hull, have proved to have no serious consequences. The ship will be ready for sea Saturday when Secretary Charles Bonaparte, the new head of the navy, will visit the Charlestown navy yard for the first time during his appointment to the Cabinet. The Secretary will sail in her to Oyster Bay. The Dolphin will go to sea on Saturday for a short time only and repairs costing upward of $10,000 will have to be made shortly. She will probably return to Boston and go out of commission.

Alleged Murder by Negro.

Wilmington, Del., Sept. 13.—With his skull terribly mangled, John Carter, a farmer living about one mile from Brandywine Summit, was found along a road at 12:30 o'clock this morning, and it is believed that a negro farm laborer murdered him.

Cow Owns the Field.

New Castle, Ind., Sept. 13.—Kris Benzenhower's cow, Liza, has a whole field to herself since she ate five or six pounds of dynamite Sunday. Her owner, who is a prosperous farmer, near New Castle, believes that she is about to blow up, and he doesn't want any of the rest of his stock to be injured by flying fragments of Liza when she explodes. The cow was strolling along the bank of a creek, where some men are excavating, when she saw the dynamite, tasted it, liked it, and swallowed the entire visible supply. One of the workmen saw the last stick disappearing. He called Liza "pretty sookie" and "nice old soboss," as a means of keeping her quiet while he led her slowly away from her companions. It is said that if she had kicked up her heels or been at all boisterous there would have been no further need for blasting at the creek. The neighbors are watching Liza from a distance, but the cow, unmindful of her peril, is alternately browsing and chewing her cud, as though she rather enjoyed being a bovine firecracker.

Denies Interview.

Oyster Bay, N. Y., Sept. 13.—President Roosevelt was greatly irritated this morning over the publication of an alleged interview with him which was printed in the Petit Parisien of Paris and reprinted in the New York morning papers. The correspondent Legardo, who printed the alleged talk with the President, came to Oyster Bay with Gaston Charles Richard, who acted as his sponsor and interpreter. The President, therefore holds Richard responsible for the publication. Secretary Loeb publishes a letter, by direction of the President, repudiating the alleged interview.

Attempt to Dynamite Foundry.

Troy, N. Y., Sept. 13.—Another unsuccessful attempt to dynamite the West Side Foundry plant, in Colonie, was made last night, when a stick of dynamite was thrown at the works. The damage resulting was not great, several windows alone being broken. The explosion shook houses in the vicinity, and was heard for miles. During the past year several efforts have been made to destroy the West Side Foundry through means similar to those employed last night. The company has been having labor troubles.

Plead Guilty.

Newark, N. J., Sept. 13.—Thomas French, aged 17, of No. 112 north Arlington avenue, East Orange, pleaded guilty today to sending high explosives through the mails to Valentine Riker, assistant secretary of the Prudential Insurance Company, with intent to kill Riker. He also pleaded guilty to setting fire to the Columbian Public School and a barn in East Orange some time ago.

Eight horses ran.

Blown to Atoms.

Clarksburg, W. Va., Sept. 13.—Forty quarts of nitro glycerine, which were being taken to shoot a well in the Salem oil fields, exploded this morning, and David McKay, who was driving the wagon, and Mrs. McKay were blown to atoms. The horses and wagon were also blown to pieces. The only portion of the wagon found was an axle.

Want Reforms.

St. Petersburg, Sept. 13.—A number of oil refiners have informed the Minister of Finance that it will be impossible for them to resume work at Baku until several definite reforms have been introduced. The production of oil for the year 1906, it is estimated, will not exceed 100,000,000 poods, whereas the normal yearly production is 600,000,000 poods.

Mad Dog in Two States.

The worst case ever treated at the Pasteur Institute in Baltimore is that of three-year-old Carl Wightman, of Edenburg, Va., admitted Sunday night. A mad dog tore the child's nose nearly off, bit out a part of its lower lip, and also tore the cheeks. Surgeons cauterized the wounds and sewed up the gashes. The child will be disfigured. The same dog crossed into North Carolina and bit three other persons, W. L. Waters and Herndon Loney, both living near Patterson, N. C., and Thomas Loney, near Hudson, N. C. These persons live miles apart. They are also under treatment at the Pasteur Hospital. The animal bit numerous other dogs, horses and cattle, but was finally killed. The wounds were inflicted on Friday. The physicians say rabies will not develop.

Murder and Suicide in Washington.

In a frenzy of jealous rage last night, Charles Souder, who was employed in a lunchroom at Water and O streets southwest Washington, shot and killed George T. Morgan, a partial paralytic and a former inmate of the Government Hospital for the Insane; fired two shots into the body of his wife, Mrs. Lillian J. Souder, cashier in a department store in southeast Washington, and then committed suicide.

Mrs. Souder was hurried to Providence Hospital by the police, and at a late hour the surgeons in charge stated that they did not consider her wounds to be necessarily fatal and that her chances of recovery were good.

The murder and suicide occurred about 6:40 o'clock last evening at the home of Mrs. Souder's brother-in-law, John R. Feaster, 624 M street southeast, where she and Morgan resided.

Morgan was formerly from Philadelphia. He was subject to convulsive attacks similar to epilepsy, and suffered with a mental disorder. His trouble was in the nature of dementia, and resulted from time to time in periods of mental confusion.

Mrs. Souder was formerly Miss Lily Payne, of Fairfax county, Va., and she married Saunders fourteen years ago. The couple had recently separated.

Last Friday night Souders went to the Feaster house to see his wife and attemped to get in. The house was locked up and dark, and it was only after an hour's persistent knocking that he managed to get his wife to let him in. Then he found no one in the house but his wife and Morgan, who had for some time incited Souder's jealousy.

This angered him greatly, and from that time on he openly spoke of committing the deed to his friends and family, although he did not mention committing suicide as a part of it but once, when he said that there was nothing for him live for.

A Virginia Amazon.

Patrolman Heistelhagen, of the east Twenty-second street Police Station, New York, saw a crowd at Third avenue and Twenty-fifth street yesterday afternoon gathered about what he thought was an Indian who stood half a head taller than those in the crowd. When the policeman got into the throng he was astonished to discover that the person in the center was a woman who equaled his own height of six feet one inch. She was apparently excited, and her clothing so disarranged that the policeman thought it best to arrest her. He got a surprise right there.

The woman picked him up as if he had been a pigmy, an was shaking him, considerably to the delight of the onlookers, when Patrolman Ryan happened to come along. Ryan is no baby in size, and he went to the rescue.

It was all one, however, to the tall woman. She took a firm grip on Heisterhagen with one hand and grabbed Ryan by the neck with the other. Then she bumped them around and mussed up their hair before she decided she had had fun enough for a little while and agreed to go to the station.

With the two policemen as escorts, and a bystander assisting, she went about two blocks. Then she suddenly piled Heisterhagen and Ryan and their citizen aid in a heap. She waited for them to get up and said she was ready to resume her walk. A wagon came along and she rode to the station-house. She gave her name as Mary Little and her home as Virginia. She said she had been visiting a brother in New York.

The Revenue Office.

Commissioner Yerkes has notified Senator Daniel, Representatives Rixey and Glass, Collector Summers and all others interested, that he and Secretary Shaw will on Friday, September 15th, hear all sides with reference to the removal of the internal revenue offices from Alexandria. Collector Summers, as heretofore stated, wants to have the office removed to Abingdon, his home. Senator Daniel and Representative Glass want to have it located at Lynchburg if it is to be moved from Alexandria, and Mr. Rixey wants it to remain here. The practice of the department is to locate it where it is convenient to the most people and as near in the centre of business as possible.

Mr. M. B. Harlow today received the following letter in reference to this matter.

M. B. Harlow, esq., President Business Men's League, Alexandria, Virginia.

Dear Sir: The Hon. Carter Glass having presented a request to be heard in the interest of Lynchburg in connection with the question of removal of the collector's office from Alexandria, I have the honor to inform you that on next Friday morning at 11 o'clock the honorable Secretary of the Treasury and myself will hear the claims of Lynchburg, Alexandria and Abingdon, respectively, should representatives from those places desire to be at the hearing and present the claims of these cities. I am,

Respectfully yours,
JOHN W. YERKES,
Commissioner.

Mr. M. B. Harlow has appointed the following committee, which is requested to leave here on the 10 o'clock train on Friday morning and proceed at once to the Treasury Department:

Mayor F. J. Paff and Messrs. W. B. Smoot, G. L. Boothe, C. C. Carlin, Charles King, C. C. Leadbeater, J. R. Caton, G. L. Simpson, W. F. Lambert, Hubert Snowden, J. W. May, P. McK. Baldwin, E. E. Downham and Julian T. Burke.

Branch Bank.

The Virginia Safe Deposit & Trust Corporation, of this city, opened a neat and attractive branch bank in the Fannon building, at the northwest corner of Duke and Henry streets, this morning, with Mr. T. J. Fannon as manager. This branch will be a great convenience to the business community in the western section of the city, as the establishing of that same will be a long felt-need in that locality and every facility will be given patrons of this institution to transact banking business. The business of this corporation is expanding rapidly and up to this time branches have been established in Gordonsville, Madison, Dillwyn, Lovingston, Remington, Culpeper, Charlottesville and Basic City, Va. The bonding department of this institution is filling a long-felt want in Virginia, of a strictly home surety company, as in years past this class of business went to northern companies. Agents and local attorneys have been appointed in every city and nearly every county in the State, trusted employees are bonded, judicial and contract bonds are issued, and besides doing a general banking business, paying 3 per cent. interest on time deposits in the savings department, the corporation acts as guardian, administrator, executor, trustee and surety. The facilities for banking of this corporation are large and constantly expanding, the management conservative, and a representative class of our business men compose its directory. They guarantee a continuance of that liberal treatment for the future, consistent with prudent business methods, which has heretofore been established by them.

The Burnett Case.

The case of Charles Glover, jr., and Mrs. Maggie Burnett, arrested last Sunday afternoon on charges of opening the saloon at the extreme western end of Duke street and selling liquor without a license and on Sunday, came up in the Police Court this morning. The accused were represented by Mr. L. H. Machen and Mr. S. G. Brent, Commonwealth's Attorney, conducted the prosecution.

Lieutenant Smith and Officers Bell, Maybugh, Patterson and Beach described the raid on the place and the conditions existing on the premises when they entered. Some saw parties in the act of drinking beer and there were evidences that a considerable quantity of lager had been consumed. Mrs. Burnett opened the gate when the officers arrived and told Lieutenant Smith that the place was in charge of Glover. Others who were in the place at the time testified.

Some witnesses testified to purchasing liquor.

Justice Caton fined Glover $50 and sentenced him to jail for sixty days, and fined Mrs. Burnett $200.

Mrs. Burnett was subsequently released after giving security to pay the fine during the present week.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

The case of Miss Ida Breen vs. the Washington, Alexandria and Mount Vernon Railway Company, a suit for damages sustained in the collision near Spring Park last March, was disposed of in the Circuit Court for the county yesterday. The jury brought in a verdict for $3,000, when the counsel for the company moved that the verdict be set aside, alleging that the evidence was insufficient and that the procedure was contrary to law. After argument Judge Nicol deducted $1,000 from the amount named by the jury. An appeal was moted by the defendant company, which gave a surety bond. Dr. Vaughn, former assistant surgeon general of the Marine Corps, was one of the principal witnesses appointed by the court to make an examination of the plaintiff to ascertain the extent of her injuries. His testimony was in effect that the injuries were not of a grave nature.

Court which has been in special session since the 4th inst., hearing the railroad cases, adjourned for the term.

Some ladies who had beeen attending the Circuit Court for the county caused some excitement on an incoming electric train last night, they having been overcome by nervousness. They soon recovered, however.

The Clerkship.

It is understood that after the funeral of the late John S. Beach, several gentlemen will announce themselves as candidates for the position of Clerk of the Courts, which Mr. Beach had held for the past twenty years or more. A democratic primay will in all probability be held to select a candidate to be chosen at the November election. Mr. Beach was nominated for the position last June but his death leaves a vacancy on the ticket nominated at that time The report that the democratic committee would name his successor is preposterous and of course would not be sanctioned by the democratic voters. Under such a condition of affairs five men (a majority of the committee) could arbitrarily say to the fifteen thousand people of the city who should be their clerk and it is hardly possible that the committee would do such a thing even if they had the power. Numbers of rumors are in circulation on the streets concerning the clerkship, but nothing definite will be done toward filling the vacancy for a day or two.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Hansbrough, arrested by Officer Young for non-support of his family, was dismissed upon a promise to take care of those dependent upon him.

Ida Winkfield, colored, arrested by Officer Bell charged with stealing $5 from William Ball, was dismissed

Millie Bushrod, colored, arrested by Officer Bell charged with keeping a disorderly house, was dismissed.

Maggie Burnett, charged with selling liquor on Sunday and without a license, was fined $200.

Charles Glover, jr., charged with similar offenses, was fined $50 and sent to jail for 60 days.

Reporters in the Dock.

Attaches of newspapers who attend the Police Court are by no means pleased with the new arrangements which have been made in the room. The prisoners' dock has been graciously turned over to the knights of the quill where they are nearly a foot below the justice, lawyers and prisoners. Heretofore the reporters occupied a platform in the southeastern section of the room and "met upon the level." They are now huddled below where they can see but little and hear less. During hot weather when the room is crowded their quarters will be almost unbearable.

Attempt to Escape.

Houston Burke and Lewis Sykes, the two soldiers who cut and assaulted William Mankin in a north Lee street resort several weeks ago, made preparations last night to escape from jail, where they are to be confined until the next term of the Corporation Court. The prisoners made a saw from a table knife, cut through the ceiling of the upper room in which they are confined and pasted a newspaper over the aperture. Early this morning Warden William Candler discovered what had been done and placed the soldiers in another room.

Funeral.

As has been stated in the Gazette, the funeral of the late John S. Beach will take place tomorrow morning. Services will be held at the residence on north St. Asaph street by Rev. Messrs. Stump and Ewell at 7 o'clock, shortly afterward the remains will be escorted to the Fayette street depot by Alexandria-Washington Lodge of Masons, and will be placed aboard the 7:56 southbound Washington-Southern Railway train. The interment will take place at Lorton Valley, where the remains will be committed according to the Masonic ritual.

White Arrested.

Richard White, who is charged with being responsible for the death of Henry Beverly, was arrested yesterday afternoon in Washington. The Virginia authorities were notified, and they sent a constable after the prisoner and took him to the jail in Alexandria county. Beverly, a Jackson city negro, was accidentally shot in a house boat at the Virginia end of the Long bridge on Labor Day and died at the Emergency Hospital, Washington, Monday afternoon.

W. C. T. U.

The Woman's Christian Temperance Union holds a prayer meeting every Thursday evening at the Childrens' Home, corner Duke and Royal streets. On tomorrow evening Mr. C. N. Critenden, the founder of the Florence Critenden mission work, will deliver an address at the meeting. A general invitation is extended the public. The night school for boys will soon be reopened and other steps taken looking to the work before the union.

School Permits.

The clerk of the City School Board today issued 41 permits to children to attend the public schools—21 to white boys and 20 to white girls. This makes 1,168 permits issued to white children during the week—565 to boys and 604 to girls. Last year 1,270 permits were issued to white children—630 to boys and 640 to girls. Permits will be issued tomorrow and on Friday to colored children.

Narrow Escape.

The fire in the frame house on the east side of Henry street, near Duke, on Monday night, was, it is said, caused by a black cat springing after a rat and upsetting a lighted lamp. Four colored men were sleeping in the room at the time and one, Campbell by name, had a narrow escape from burning to death. He lost most of his clothing.

Correction.

The statement in yesterday's Gazette that the late John S. Beach was educated by "the late" Prof. R. L Brockett was a mistake. The latter is living in Atlanta, Ga. He is 89 years old and still enjoys good health. The blunder was a slip of the pen.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by Gibson & Timberman and W. F. Creighton & Co.

Stabbed.

John Jordan and Ed. Williams, both colored, became engaged in a dispute on one of the wharves this afternoon, during which the former stabbed Williams below the heart. Officers Ferguson and Smith arrested Jordan and sent Williams to the Alexandria Hospital, but later the officers were requested to repair to that institution. The trouble arose over a wager, Williams having bet Jordan he could not drink a pint of whisky. The latter performed the feat. Dr. Delaney rendered surgical assistance and Officers Ferguson and Smith had to hold Williams down on the dissecting table. His injuries are serious.

Struck by Train.

Gustavus Williams, who was crossing the electric railway track near Arlington Junction about noon today, was struck by a train and seriously injured. The train was stopped, and the injured man placed aboard and brought to this city. The Alexandria Hospital had been notified and the ambulance was at the Royal street station when the train arrived. Mr. Williams was taken to the hospital where he received attention. The injured man is deaf and did not bear the train approaching. He is a native of Loudoun county, is a carpenter by trade and is 55 years old.

Personal.

Prof. Angus McD. Crawford, of the Episcopal Theological Seminary, and his family have returned from Europe, where they spent the past year. Prof. Crawford's health has greatly improved.

Miss Annie Washington, who has been the guest of Miss Nellie Tucker, of Norfolk, has returned to her home in this city.

Mr. Sidney Sherwood has returned from Bluemont, and is now spending a week in Haymarket.

Fall Hats.

Mr. Chas. W. Howell, at his stand, 412 King street, has a large and varied stock of fall hats and caps, which he is offering as low as the lowest. For over half a century "Howell's hat store" has been an Alexandria institution, and the present representative of the house is keeping up its deserved reputation.

LOCAL BREVITIES.

The republicans of Fairfax county will hold a meeting at Fairfax Courthouse on Monday next. Messrs. Jacob Yost, W. B. King and J. D. Payne will be among the speakers.

Sarah, the six-year-old daughter of Mr. J. W. Helm, living at 716 south Fairfax street, died yesterday at the Alexandria Hospital of typhoid fever. The funeral took place this afternoon, Rev. Mr. Carpenter conducting the ceremonies.

If you don't succeed, try over again. We tried it last year, we failed, we made a stronger plea this year, we have succeeded in getting the agency for Dr. Jaegers sanitary underwear for Alexandria and vicinity. We have it in medium and winter weights for men, women and children. Rosenfield's, 518-20 King street, Alexandria, Va.

Capt. Stuart Censured.

A report has been received by President Roosevelt from the Civil Service Commission regarding an investigation of charges recently made against J. E. B. Stuart, collector of customs at Newport News, alleging political activity and undue partisanship in the conduct of his office. When Stuart assumed the duties of his office he said that he had a larger number of deputies than was needed to transact its business. He dismissed several of them. It so happened that the men dismissed were democrats. Collector Stuart also entered actively into politics, and in one nominating convention several of the assistants in his office were delegates. These conditions developed the charges which were made against him to the Civil Service Commission. Commissioner Cooley recently made a report to the President on the charges. As a result, Collector Stuart has been directed that if the business of his office should make necessary the employment of additional assistants he shall reappoint the men recently dismissed, if they should desire to return to the government service, and he has been admonished not to be so active or to permit his office force to be so partisan in their political efforts.

New York Life Insurance Company.

Edmund D. Randolph, treasurer of the New York Life Insurance Company, yesterday admitted under pressure that his company, through Vice President Perkins, sold to J. P. Morgan & Co. $800,000 of bonds one day and bought them back the next.

This was in order to keep the total amount of the stock which the company held below a certain figure in the report which had to be made to the State Superintendent of Insurance.

Mr. Randolph admitted also that while his company did not make collateral loans, it lent money to a trust company allied to it, which made the collateral loans.

He told of a sale of $800,000 of stock to a London firm for $720,000, the loss of $80,000 being charged to the profit and loss account.

He declined to give the names of men who, by failing to keep their promise to join in handing the stock of the New Orleans Railroad, caused the New York Life to lose in this transaction.

Miss Stuart Speaks.

Miss Sallie Stuart, president of the Virginia branch of the Woman's Auxiliary, paid an official visit to the Christ Church branch in Millwood Thursday. Miss Stuart was met at the station in Boyce by Mrs. Hugh M. Nelson and driven to Brexton, the home of Miss Mary Page, in Millwood, where she is staying. At 5 p. m. in the Baptist Chapel Miss Stuart gave one of her inspiring and interesting talks to the members of the auxiliary and to a most appreciative audience. She described the work in the Rugged Mountain Mission in a most graphic manner and gave a very interesting account of the dedication of the Whittle Memorial Chapel, besides touching on Brazil, Alaska, China and other subjects of interest to the members of the auxiliary.

Horrible Domestic Tragedy.

While his wife sat by his bedside Eulass Morgan, a rich farmer, living three miles from Corinth, Ky., yesterday suddenly seized a razor and cut her throat. Almost immediately Morgan drew the razor across his own throat. Physicians said that it would be impossible for either to recover. The tragedy was witnessed by two young children of Morgan, who were found sitting in the room, calling upon their parents to speak to them. Morgan had been ill for eight weeks with typhoid fever and grew despondent, believing recovery was impossible.

THE CHANGE OF LIFE

INTELLIGENTWOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period, and may be relied upon to overcome all distressing symptoms and carry them safely through to a healthy and happy old age.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs. A. E. G. Hyland, of Chestertown, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:—
"I had been suffering with falling of the womb for years and was passing through the change of life. My womb was badly swollen. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham for advice. It is free and always helpful.

The First French Navy.

Away back in the eighth century Charlemagne had organized a sort of coast guard by enrolling all the seaboard population who lived within one and a half miles of the shore, but with the dismemberment of the vast Carlovingian empire all dreams of naval greatness were dissipated. Long afterward Charles V. built some military nefs on the Atlantic, and Louis XI.'s galleys chased the Barbary pirates who infested the shores of the Mediterranean, but it was Francis I. apparently who first conceived the idea of a war fleet, purchased and equipped from the royal treasury.

He converted the small fishing village of Havre into a fortified port, which speedily attracted commerce to the mouth of the Seine, and he projected a scheme—which he did not live to realize—for the construction of an oceanic navy under canvas. "Fleets were massed in the Mediterranean," writes Mr. Norman in his "Corsairs of France," "and for the first time in history a French squadron, passing through the strait of Gibraltar, defeated an English fleet off Brest, and then, moving round to the eastward, drove off the blockading squadrons of Henry VIII. from Boulogne."

An Eloquent Criticism.

Theodore Thomas, in conducting an orchestra, seemed impassive, imperturbable. A writer in the Outlook commenting upon this says that he was apparently without passion or feeling, yet the appearance was not reality, and at one of Mr. Thomas' rehearsals it was fully contradicted.

At a certain point in the symphony the orchestra was playing in perfect time and tune, but with a certain mechanical effect which no one had noticed until Mr. Thomas suddenly rapped the music stand before him.

The orchestra stopped. Then with his hand he imitated the action of an organ grinder.

With only a word to indicate the bar at which the orchestra was to take up the music, he struck the rack before him for attention, and with a movement of his baton gave the signal.

The orchestra repeated the passage he had criticised by dumb show, and this time it played with spirit and fire.

A Silent Land.

In the rainless interior of Australia there is a silence of the grave. This deathlike silence has a peculiarly depressing effect. If two men are camped and one of them goes to a distant township to get provisions while the other remains behind to look after the camp, the man who is to remain says to his mate in forcible gold fields language, "Now, Bill, don't you be long away. You know what kind of a place this is to live in by yourself." If his mate is away for two or three days, the silence gets upon the man's nerves, and in the end he shouts in order to make a noise, and then he is afraid of the sound of his own voice.

Cinnamon.

Ceylon provides us with the bulk of our cinnamon, which is the aromatic bark of certain trees common to that island. The trees are never allowed to grow higher than ten feet. During the season of harvesting, of which there are two a year, the branches of three to five years' growth are cut down and the top surface of the bark scraped away. Then the bark is ripped up longitudinally into slices, which when exposed to the sun to dry curl up into quills. In the course of drying the oil, upon which the aroma and flavor depend, is diffused throughout the bark.

Origin of Graft.

Municipal corruption of various kinds is generally indicated by the word "graft." The origin of this term is obscure, but it is believed to have arisen from dishonesty in lowlier spheres. Bartlett's Dictionary of Americanisms defines "grafting" as pocket picking, and Hotten's Slang Dictionary suggests that the slang use of "graft" might be a corruption of "craft" or a generalization from the special work of gardening.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping cough, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.
